

Christopher Muzzin

2420 Riverfront Dr. | Little Rock, AR 72202 | (469) 682-1710 | chrismuzzin1020@gmail.com

Summary

Front-end developer with 3 years of experience using JavaScript to build responsive websites and interactive features to improve user experience.

Skills

- HTML/CSS, JavaScript, AngularJS, Angular, Bootstrap, Bulma, and CSS preprocessors
- Responsive and mobile-first development
- Agile software development
- Version control with Git and Team Foundation Server
- Knowledge of Java, Groovy, C++, Python, Node.js, VueJS, and Angular Material
- Knowledge of Adobe Illustrator

Experience

January 2016 - Present

Dillards Inc., Little Rock, AR - Front-end Developer

- Embedded in multiple agile teams building consistent, usable, and logical interfaces for users.
- Create mockups, prototypes, wireframes, and user flows.
- Build single page applications using JavaScript.
- Design and develop front-end for intranet applications with Angular, AngularJS, and Bootstrap.
- Create custom reusable AngularJS and Angular components.
- Migrate legacy applications into new frameworks.
- Developed a mobile application with Ionic that leveraged existing API to demonstrate technology for new scanner guns. Implemented native barcode scanning with data transfer between views.

Personal Development

Spotify Playground

- At home project to learn Angular and design views with large amounts of JSON data.
- Integrated Spotify's API to practice REST API consumption with HTTP using RxJS and observables.

Website - <https://chrismuzzin.info>

- Use Angular for the front-end and Firebase/Node for the back-end utilizing their cloud functions to process a contact form and send as an email.

Education

August 2011 - December 2015

University of Arkansas - College of Engineering, Fayetteville, Ar - B.S in Computer Science

Conferences

2018 Angular Mix - Angular Architecture and RxJS workshops.
